

# Sharing the Science in M.A.R.C.'s picture books

Book photo

**Book Title** \_\_\_\_\_

**Author** \_\_\_\_\_

**Questions by** \_\_\_\_\_

**Write five Science questions below that can be asked about the book's pictures.**  
Some suggestions:

- What can you see in this picture when you look closely at it?
- What is the difference between the ... in two (or more) pictures and why is it shown like this?
- What does ..... have that other animals/plants don't have?
- What shape does the ears/nose/ tail / mouth /leaves/ flowers ..... have ?
- What colour is the .... ?
- How many legs does .... have and so what type of creature is it?
- How many toes are shown on the foot of the .....?
- What body covering does ..... have?
- Where does ..... sleep?
- Does the .... sleep at night or in the day?
- What food does the baby ..... eat?
- From where does the .... get its food?
- What eats the ..... ?
- What does the mother ..... do to look after the baby ....?
- What do ..... give that people need?
- What do people do to look after .....?
- How many ..... are there in the picture? ...and so on, over to you!
